## FRESH PINES FOR CHICAGO MARKET

RENO, Nevada, June 15.—Yesterday  
the first shipment of fresh pineapples  
ever sent over the Salt Lake division  
passed through Sparks en route to Chi-  
cago. Three cars of the luscious fruit  
direct from the Hawaiian Islands were  
in the train and were rushed across the  
desert with all possible speed. The man  
in charge of the refrigerator cars con-  
taining the pineapples stated that this  
is a trial trip, and if successful the  
shipment of pineapples to the East will  
hereafter be an important factor in  
freight traffic.

The pineapples are picked green after  
they are fully matured and it is thought  
that they will ripen after they reach  
their destination.

Heretofore the Middle West has been  
supplied with pineapples canned in the  
Hawaiian Islands. The man in charge  
of yesterday's shipment of fresh pine-  
apples stated that one hundred thou-  
sand cases were canned and shipped  
from the Hawaiian Islands last season

thousand cases will be shipped this
